RULES—

Adopting Permanent, for Third Called Session of 57th Legislature (S. R. 1)	367
--	-----

RULINGS OF THE CHAIR—

(All Rulings by the President Pro Tempore unless otherwise indicated.)

A bill permitting the County Judge of Travis County to act for the Judge of County Court at Law does not come within the Governor's Call for a Special Session "to extend provisions of Escheat Enforcement Law to banks, etc."

A bill relating to validation of certain cities and towns does not come within the Governor's Call for a Special Session "to extend provisions of Escheat Enforcement Law to banks, etc."

An amendment that seeks to increase appropriations for State Board of Barber Examiners is not germane to a bill appropriating certain funds for advertising tourist attractions in Texas, for additional parole supervisors and officers, for emergency purposes to the Department of Corrections and for repairs to San Jacinto Monument. (Ruling by Senator Dies on Point of Order raised by Senator Reagan)

An amendment that has been offered on second reading of a bill and defeated may again be offered when the bill is on third reading

A motion to Call from the Journal a motion properly reconsidered and spread thereon under Senate Rules 60 and 61 may not be made by a person who did not vote on the prevailing side of the motion that was to be reconsidered

A substitute amendment that seeks to amend one section of a bill is not a proper substitute for an amendment that seeks to amend a different section of the bill

A substitute amendment to one section of a bill is not in conflict with an amendment previously adopted to another section of the same bill

A Senator speaking for or against a bill must confine his remarks to the subject of the bill before the Senate at the time

A motion to suspend the regular order of business to take up a bill permits an explanation of the bill

A bill that seeks to regulate natural gas used for agricultural and irrigation purposes comes within the Governor's Call for a Special Session to "authorize regulation of gas sold for irrigation purposes" (Page 77)

RULINGS OF THE CHAIR—Continued

A bill that seeks certain regulations and procedures for selling gas used for irrigation wells is not a tax-raising measure and therefore may originate in the Senate	275
A motion to suspend Senate Rule 106 which sets out requirements for Committee Hearings on bills is not debatable. (Ruling by Senator Kazen on Point of Order raised by Senator Owen)	283
A bill providing regulations for selling, transporting, etc., of gas for irrigation and agricultural purposes is not a tax-raising measure and therefore may originate in the Senate	298
